

**SUMMER  
2009  
ACADEMIC  
ENRICHMENT &  
ACTIVITIES CAMP**

**Academic and Enrichment Summer Camp – Vacation around the World  
June 22, 2009 through August 30, 2009 from 9:00 AM to 4:00 PM with free before & after care**

**Do you want your child to improve their reading and math skills, learn about different countries, and go on fun and exciting trips?**

**If your answer is yes, then this Summer Camp is for you.**

***We strive to maintain the balance between learning and individuality!***

**During our Summer camp, we will explore the exciting paradise of Jamaica and the Virgin Islands and travel across continents to Sudan, Sierra Leone and China. Campers will learn the culture, history, geography, and participate in activities spanning from visiting embassies, writing pen pals, to dining in a restaurant where they can experience hands-on knowledge about these cultures, and much more. *Learning should be a natural, rewarding and fun experience!***

**Each day will begin with individualized academics focusing on language arts, mathematics, social studies, and science. Academics will be taught in traditional and non-traditional means by using a well developed curriculum which taps each camper's unique potential and hidden talents. Each day will be augmented with reinforcing the knowledge by applying those skills in the Vacation around the World program. *All children are unique in their ability to learn!***

**Campers will enjoy daily activities that include; arts and crafts, technology, daily journals, fitness, career exploration, to spelling and math bees while being in a small classroom size. Many great exciting and enrichment programs will be offered including piano, voice, and chess which teach logic and critical thinking. Campers will tour college campuses and participate in a career day allowing speakers to talk about their exciting jobs. Our summer camp program is academic, interactive, fun, and develops children to their greatest potential. *Education is for a living while EduCare is a life long effect!***

***We make learning fun and interactive! Summer 2009 will be a summer to remember! Schedule a tour now!***
